

Internship Agronomic Trial - Statistics (m/f/d)

Agriculture is all about balance. The balance that is crucial to everyone's existence - also applies to our Agricultural Solutions division. We connect innovative thinking with practical action to find the right balance for success - for farmers, agriculture and future generations. With seeds and traits, crop protection and digital solutions, we help farmers produce food more efficiently, protect the land and meet the needs of society.

LOCATION
Köln, DE

COMPANY
BASF Digital Farming GmbH

WORKING HOURS
Full-time

CONTRACT TYPE
Internship

WORKING AREA
IT / Information Management

REFERENCE CODE
EN59324354_ONLE_4

RESPONSIBILITIES

Be part of our Digital Farming Data team for 3 to 6 months, where we oversee and automatize the different agricultural trial activities within xarvio as well as provide farmers with modern sustainable and cost-saving agricultural management practices. In our group we cover a wide variety of data science tasks ranging from academic conceptual work to model deployment. You do not need to be an expert in all fields - we want to go give you the opportunity to apply your theoretical knowledge but also grow with us.

- o You will support us conceptually evaluating our trial results and gain insights, which agricultural practices work best, under which circumstance such as optimizing the timing and intensity of crop production measures.
- o Furthermore, you will research on and try out different methods in spatial statistics and evaluate them on real data sets.
- o You will work in Cologne's Kranhaus, where you will develop, present as well as communicate your results in agile teams with stakeholders including the product, data and design teams.

BENEFITS

- o From day one you will be part of the BASF family.
- o You will get involved in challenging fields of activity and have the opportunity to work on exciting projects in an interdisciplinary environment.
- o Depending on the location of the respective group company you will get to know BASF and participate in various workshops and guided tours.
- o In this way you will make numerous interesting experiences and get a deep insight into the world's leading chemical company. Information regarding internships: on.basf.com/internship
